

LEGEND

Internal areas associated with the planning application

KEY PROPOSALS

- All pews to Worship Space to be removed and replaced with loose furniture
- New level solid floor with integrated water based underfloor heating to be installed throughout Worship Space
- Secondary double glazing to be fitted internally to all windows in Worship Space.
- Organ to be renovated in existing position with mobile console to be used. Access to organ via existing stairs with speaking platform.
- Existing platform and steps to be removed and replaced with low level dais that can be extended using staging blocks.
- Existing galleries to both sides and transepts to be removed. Rear section of gallery to be retained and reconfigured to provide forward facing seating.
- Single storey extension to coffee bar entrance including alterations to external steps, ramp access and automatic doors
- Remove slates to all roofs, insulate and replace slate roof coverings including all flashings and valley gutters.
- Installation of photovoltaics
- New electrical systems in Worship Space to include energy efficient lighting and audio visual systems.
- New heating systems.
- External landscaping alterations to raise ground levels and create level threshold to principal church entrances without requiring steps.
- New cycle stands and cycle shelter.
- Remove exteral steps and block up existing door to hall storage area.
- Clean spire using a steam process (such as Doff) rather than pressure-washing (in order to reduce any abrasion to the existing surfaces).
- Existing chimney to be removed.
